

BE INSPIRED WITH OUR EXAMPLES

EDITION 2018

Customized Design

From the union of different carpets, a unique and personalized piece is born, allowing the client to choose the design, the colour and texture that will compose the rug.

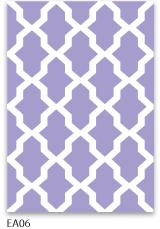

Versatility of Shapes

The EXTREME rug is versatile in the formats and finishes. The costumer can choose a more usual shape, such as rectangular, square, circular and oval, or can idealize an irregular and asymmetric format.
